MCA Student | MERN Stack Developer | Full-Stack Web Developer | React.js & Node.js Developer

Professional Summary

MCA student with knowledge of HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, and MySQL. Experienced in building web applications through academic and personal projects. Familiar with frontend development, backend development, and database integration. Interested in learning new technologies, improving development skills, and contributing to real-world software projects. Seeking an opportunity to gain industry experience and grow as a Full-Stack Web Developer.. Currently, I am continuously enhancing my skills through projects and exploring new technologies in web development.

Work Experience | web development| Frontend development | Internship

Code Alpha | Jun'25 – Jul'25

- Developed responsive web applications using HTML, CSS, JavaScript, Node.js, and Express.js.
- Built and enhanced web-based projects with interactive user interfaces and dynamic functionality.
- Implemented RESTful APIs and integrated backend services for seamless data handling.
- Improved problem-solving, debugging, and full-stack development skills through hands-on project work.

Code Soft | May'25 – Jun'25

- Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript.
- Built projects including a Portfolio Website and Logic-Based Calculator.
- Applied DOM manipulation, event handling, and JavaScript concepts to create interactive applications.
- Strengthened frontend development, UI design, debugging, and responsive web design skills

Personal Projects

Wanderlust – Airbnb-Style Web Application | Node.js, Express.js, MongoDB, EJS

- Developed a full-stack property listing platform with user authentication and authorization.
- Implemented CRUD operations for listings and reviews using Node.js, Express.js, and MongoDB.
- Designed a responsive user interface inspired by Airbnb for seamless user experience.
- Integrated RESTful APIs and database management for dynamic content handling.

Personal Portfolio Webpage | HTML, CSS, JavaScript, Bootstrap

- Built a responsive portfolio website to showcase technical skills and projects.
- Developed interactive and user-friendly web pages using HTML, CSS, and JavaScript.
- Implemented responsive design principles using Bootstrap for cross-device compatibility.
- Integrated project and contact sections to enhance professional online presence.

Skills

- **Frontend:** React.js, JavaScript, HTML5, CSS3. **Backend:** Node.js, [Express.js](#). **Database:** My SQL, MongoDB.
- **Tools :** VS code, Git, GitHub, **Postman** (Rest APIs), **Vercel** (frontend deployment), **Render** (Backend Deployment),
- **Core :** REST.APIs,CRUD , Responsive Design.
- **Soft Skills :** Problem Solving, Attention to Detail, Cross-functional Collaboration, Strategic Thinking, Proactive Communication.

Education

Master of Computer Applications (MCA) | MIET, MEERUT | 2025-Present

- **Relevant coursework :** Data Structures & Algorithms, Database Management Systems,OOPs JAWA,Web Technologies, Software Engineering, Computer Networks, Operating Systems.

Bachelor of Computer Applications (BCA) | PT.DDUMC, MEERUT |2022 – 2025

- **Relevant coursework :**Web Development, Database Management Systems, Programming in C/C++, JavaScript, Software Engineering, Computer Networks.
